

Herefordshire General Practice

Taurus Healthcare

BECOME A TAURUS GP

We are looking for GPs to join us. And if you already work for us in the bank, might you consider joining our flexible salaried team?

We offer a 'Herefordshire HR passport', which is one set of pre-employment checks to enable you to work across all Taurus services and to be part of a flexible GP pool offering locum-style support to Herefordshire practices.

All staff joining the flexible pool will have access to Herefordshire and Worcestershire Training Hub resources to support their individual CPD requirements. This includes access to the Flexible GP Champions who are able to advise, signpost and offer peer support. Access to the Training Hub Learning Management system will be made available to facilitate access to live events, pre-recorded training and e-learning packages. The Flexible GP Champions will deliver peer support sessions/forums alongside access to other educators within the Training Hub team. This will include but not be limited to action learning sets, networking sessions and access to coaching and mentoring systems.

We offer weekly lunchtime and monthly evening training sessions and access to Teamnet for all the tools needed to work in Herefordshire, plus flexible access to mentorship and peer support.

With competitive in and out of hours rates, a range of services across the week and all services on EMIS, you can retain flexibility and variety, accruing annual leave, with one employer, one time sheet and without IR35 issues, tax returns, accountants and the need to battle NHS pension logistics!

1

FLEXIBLE WORKER

Locum bank

2

FLEXIBLE WORKER

Salaried with
no fixed sessions,
pick from the rota
each month.

3

PORTFOLIO ROLE

Salaried with fixed sessions per
week/month in one or more of our
services.

Potential to work in a
Herefordshire practice too.

You can work with us in three ways:

WHO IS TAURUS HEALTHCARE?

We are the Herefordshire GP Federation and are clinically led; all GP practices in the county are shareholders. Although we are a limited company, we operate as a community interest company

Taurus Healthcare does three things:

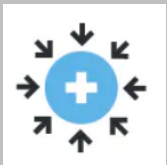

We deliver clinical services on behalf of practices to improve provision across the county.

Together with our member practices, we provide 24-hour General Practice, making the patient journey easier and every contact count.

We support practices to be safe, effective, efficient and resilient

We provide strategic leadership for Herefordshire GP practices
