Aims and objectives

Our key objective is to provide safe, equitable and high-quality services which meet patients' expectations and satisfaction, with dignity and respect. We provide services to adults and children complying with the current regulations of the Care Quality Commission (Registration) Regulations 2009 (Part 4) and the fundamental standards and regulations of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014. Services are provided in hours and out of hours.

We aim to provide high standards of evidence based, general medical services by suitably qualified and experienced staff. All appointments will be carried out in confidential healthcare environment which is safe, accessible, and comfortable. We aim to liaise effectively with local primary, secondary, community and social care providers and other independent healthcare providers, ensuring that patient services are as efficient as possible.
